Phone: 908-362-8384 ♦ Fax: 908-362-8744

The Meals Plus/K-12 Payment Center/Lunch Prepay.com Point of Service (POS) System is used by North Warren Regional to process student lunch payments. Students will need to use their lunch ID number in order to purchase lunch even if they are using cash. This number will be printed as a bar code on their picture identification card which is issued every school year.

An individual account can be set up online for each student which utilizes their name and student identification number. The students currently use this ID number as their log-in name for school computers. In order for you to begin to use the online system, your child/ren's student identification number/s is needed and this will become their pin. They should memorize this number. This number will also appear on their student picture ID card which will be given out as soon as pictures are processed. Your student should always wear their ID card when at school. Until the ID cards arrive, students may use their pin number when purchasing lunch. Once the cards are issued, students can use either their card or pin.

You can go to <https://www.k12paymentcenter.com/> for information and to start the registration process, however, please be aware that it may take as long as 24-72 hours for the money to show in their account. There are no fees charged or collected by North Warren Regional School District but there is a \$1.95 credit card processor bank fee charged per transaction.

Information will be posted on the NWR website. If you have questions or concerns, please contact the District Office at 908-362-8384.
