

Middle School Gifted and Talented Identification Criteria

Dear 7th Grade Parents,

We are currently in the process of identifying 7th grade students for our Gifted and Talented program. We have asked teachers from the elementary schools and North Warren to nominate students who they feel would benefit from our programming and we are now inviting parents to send in nomination letters for your children! Along with teacher and parent nominations, we will be using multiple measures, including:

- grades
- standardized test scores
- teacher nominations
- parent nominations
- nominations from previous Gifted and Talented Coordinators

to identify students for Gifted and Talented as laid out by the Board Policy 2464 found on our website. Please email your nominations to Alyssa Eisner at aeisner@northwarren.org by Monday, December 19, 2016.

Sincerely,

Alyssa Eisner
Middle School Gifted and Talented Advisor
